

# National/General Exam Content Outline for Salespersons

Effective: [January 2025 or later](#). Please regularly check your state's content outlines posted on their Pearson VUE website for implementation dates. ~~June 2020~~

The general portion of the real estate exam is made up of eighty (80) scored items, which are distributed as noted in the following content outline. The general examination also contains five (5) pretest items that are not counted toward the score. These items are used to gather statistics on performance and to help assess appropriateness for use on future examinations. Because pretest items look exactly like items that are scored, candidates should answer all the items on the examination.

[NOTE: The tracked changes version of this outline includes the changes in item counts by subsection. Previous versions of the public outline did not include these item counts.](#)
