PRACTICE TESTS – NATIONAL/GENERAL PORTION ONLY

All candidates are required to bring identification that is deemed acceptable, listed under *Acceptable Forms of Candidate Identification*, to the test center on the day of exam.

Candidates who do not present the required items will be denied admission to the exam, will be considered absent, and will forfeit the exam fee.

Acceptable Forms of Candidate Identification

Candidates must present **two (2)** forms of current signature identification. The name on the identification must match the name on the registration. The primary identification must be government issued and photo bearing with a signature, and the secondary identification must contain a valid signature. Identification must be in English.

Primary ID (photograph and signature, not expired)

- Government-issued Driver's License
- U.S. Dept of State Driver's License
- U.S. Learner's Permit (plastic card only with photo and signature)
- National/State/Country Identification Card

Pearson VUE does not recognize grace periods. For example, if a candidate's driver's license expired yesterday and the state allows a 30-day grace period for renewing the ID, the ID is expired.

EXAM PROCEDURES

At Physical Test Location

Candidates should report to the test center 30 minutes before the exam and check in with the test center administrator. The candidate's identification and other documentation will be reviewed and they will be photographed for the score report.

Candidates are required to review and sign a **Candidate Rules Agreement** form. If the **Candidate Rules Agreement** is not followed or cheating or tampering with the exam is suspected it will be reported as such, and the appropriate action will be taken. The exam fee will not be refunded, the exam may be determined invalid, or the state may take further action such as decertification.

Candidates will have an opportunity to take a tutorial on the computer on which the exam will be administered. The time spent on this tutorial will not reduce the exam time. Exam administrators will not answer questions related to the content of exams or the state’s licensing requirements.

The exam begins the moment a candidate looks at the first question. Candidates have 2.5 hours to complete the national section and 1.5 hours to complete the state portion. The exam will end automatically after time has expired. **If testing at a Pearson VUE testing site, the score report will be provided at the test center. If testing online, candidates will need to log into their Pearson VUE account to obtain their score report.**

OnVUE online procedures

If you are testing online and not in a physical Pearson VUE testing location, you should first review the materials and watch the short video at <https://home.pearsonvue.com/Test-Owner/Deliver/Online-Proctored.aspx> before you begin your online exam.

SCORE REPORTING

Candidates will receive a score report marked “pass” or “fail.” Candidates who pass will receive information on how to apply for a license.

Candidates who fail will receive a numeric score, diagnostic information, and instructions for retaking the exam. You can’t make reservations at the test center.

REVIEW OF EXAMS

For security reasons, exam material is not available to candidates for review.

SCORE EXPLANATION

Scaled Score

There are multiple forms (versions) of each of the licensing exams. Although all forms of an exam are developed based on the content outlines, difficulty may vary slightly because different questions appear on each form. To ensure no candidate is put at an unfair advantage or disadvantage, a statistical procedure known as equating is used to correct for differences in form difficulty.

The passing score of an exam was set by the Wyoming Real Estate Commission (in conjunction with Pearson VUE) after a comprehensive study was completed for each exam. Raw scores are converted into scaled scores that can range from 0 to 100. To avoid misuse of score information, numeric scores are only reported to failing candidates. The scaled score reported to you is neither the number nor the percentage of questions answered correctly. With a passing score of 75, any score below 75 indicates how close the candidate came to passing rather than the actual number or percentage of questions answered correctly.

PASSING SCALED SCORES	GENERAL	STATE
Salesperson	75	75
Broker	75	75

RETAKING AN EXAM

Candidates should contact Pearson VUE to make a reservation to retake the exam and should have their failing score report available when they call.

RETAKING THE EXAM

Candidates must wait 24 hours before scheduling a reexam. Candidates who need to retake an exam for any reason must make a reservation as detailed in *Exam Reservations*.

The exam is divided into two parts: The National and the Wyoming section. Candidates **NOT** applying through requirements met in another state must pass both the National and Wyoming sections. If a candidate passes one part and fails the other, only the part failed needs to be retaken. However, the failed part must be passed within six (6) months of the first passed portion. Once both portions of the exam have been passed, an application must be submitted within **90 days**. Candidates who do not meet the six-month time limit must retake both parts of the exam. Candidates who **ARE** applying through requirements met in another state are only required to take the Wyoming section of the exam. All candidates should refer to *Exam Reservations* for information on making an exam appointment.

DUPLICATE SCORE REPORTS

To obtain your score report, log into your Pearson VUE account.

PEARSON VUE TESTING POLICIES

Physical Test Center Location

The following policies are observed at each test center. **Candidates who violate any of these policies will not be permitted to finish the exam and will be dismissed from the test center, forfeiting the exam fee.**

- **No personal items are allowed in the testing room.** Personal items include but are not limited to: Cell phones, tablets, laptops, or other electronic devices, watches, wallets, purses, firearms or other weapons, hats, bags, coats, books, and/or notes, pens or pencils.

- Studying **is not** allowed in the test center. Visitors, children, family or friends **are not** allowed in the test center.
- Books, papers (including scratch paper), and reference materials are not permitted in the exam room, and candidates are strongly urged not to bring such materials to the test center. Upon entering and being seated in the testing room, the test administrator will provide materials to make notes or calculations. **The candidate shall not write on these items before the exam begins or remove these items from the testing room.**
- Eating, drinking, chewing gum, smoking and/or making noise that creates a disturbance for other candidates is prohibited during the exam.
- Candidates must raise their hand to get the administrator's attention to leave the testing room for a break. **The exam clock will not stop while the candidate is taking a break.** If a candidate is discovered to have left the floor or building for any reason during this time, they will not be permitted to proceed with the exam and may forfeit the exam fee.
- While taking a break, candidates are permitted to access personal items stored at the test center only if necessary—for example, personal medication that must be taken at a specific time. **However, a candidate must receive permission from the administrator prior to accessing stored personal items.** Candidates are not allowed access to other items, including but not limited to, cell phones, exam notes and study guides.
- Any candidate discovered causing a disturbance or engaging in misconduct including giving or receiving help; using notes, books, or other aids; taking part in an act of impersonation; or removing exam materials or notes from the exam room, will be dismissed from the exam room and reported to the Wyoming Real Estate Commission. The Wyoming Real Estate Commission will make decisions regarding disciplinary measures.

OnVUE Testing

There are a few simple requirements for candidates to take an OnVUE online proctored exam:

- Quiet, private location
- Reliable device with a webcam
- Strong internet connection

For more information, please go to <https://home.pearsonvue.com/Test-Owner/Deliver/Online-Proctored.aspx>.

PREPARING FOR THE EXAM

PRETEST QUESTIONS

Many of the exams will contain “pretest” questions. Pretest questions are questions on which statistical information is being collected for use in constructing future exams. Responses to pretest questions do not affect a candidate’s score. Pretest questions are mixed in with the scored questions and are not identified.

The number of pretest questions are listed in the content outline heading of each exam. If a number is not present, then there are no pretest questions for that particular exam.

EXAM CONTENT

The content of the national portion of the exam is obtained from a job analysis performed by Pearson VUE. Responses from real estate professionals were analyzed to determine the nature and scope of tasks they perform, and the knowledge and skills needed to perform them. This information is the basis upon which exam questions are written and ensures that the exam reflects the actual practice of real estate. Questions on the national portion are reviewed and approved by nationally recognized real estate professionals.

Wyoming real estate professionals develop the state portion of the exam to reflect the laws, regulations, and practice of real estate in Wyoming.

MATH CALCULATIONS

The information below is NOT available at the test center and should be memorized.

Candidates may use the following information in making mathematical calculations on the national section of the exam unless otherwise stated in the text of the question:

- 43,560 square feet/acre
- 5,280 feet/mile
- Round off calculations (where applicable) to the nearest whole number

The information below, if needed, will be contained within the test itself:

If a question requires the calculation of prorated amounts, the question will specify: a) whether the calculation should be made based on 360 or 365 days a year; and b) whether the day of closing belongs to the buyer or seller.

National/General Exam Content Outline for Salespersons

Effective: January 2025 or later. Please check back here for implementation dates.

The national/general portion of the real estate exam is made up of eighty (80) scored items, which are distributed as noted in the following content outline. Each section contains an overall item count and subtotals from each subsection. For example, if a major topic area has three (3) subtopics and ten (10) items, the subtopics will contain the number of items necessary to bring the total to ten (10) items.

In addition to building our real estate national/general exams to content specifications, Pearson VUE also builds our general exams to cognitive level specifications. These cognitive level specifications confirm that candidates have a comprehensive understanding of real estate general knowledge and federal regulation topics. They measure whether candidates have the knowledge, but more importantly, the skills and abilities to protect the public from day one as a real estate licensee. Every test item is classified into one of three categories: knowledge, application, or analysis. A knowledge item requires candidates to recall specific facts or definitions. An application item requires candidates to use their knowledge and apply it to a situation. An analysis item requires candidates to use their knowledge and examine a fact pattern in order to draw a conclusion or make a decision. Cognitive level breakdowns are included after the item count for major topic areas. For example, if a major topic area has ten (10) items, the cognitive level item counts will total to ten (10) items.

The national/general examination also contains five (5) pretest items that are not counted toward the score. These items are used to gather statistics on performance and to help assess appropriateness for use on future examinations. Because pretest items look exactly like items that are scored, candidates should answer all the items on the examination.
