LICENSURE PROCESS

Licensure is the process by which an agency of state government or other jurisdiction grants permission to individuals to engage in the practice of, and prohibits all others from legally practicing, a particular profession, vocation, or occupation. By ensuring a minimum level of competence, the licensure process protects the general public. The state regulatory agency is responsible for establishing the acceptable standard of safe practice and for determining whether an individual meets that standard.

The State of Delaware has retained the services of Pearson VUE to develop and administer its insurance licensing examination program. Pearson VUE is a leading provider of assessment services to regulatory agencies and national associations.

PRACTICE TESTS

Practice tests are offered exclusively online at <https://www.pearsonvue.com/us/en/practicetests/insurance.html>, giving candidates even more opportunity to succeed on insurance examinations. Our practice tests will not only help prepare candidates for the types of questions they will see on the licensure exam but also familiarize them with taking computer-based examinations.

Pearson VUE offers practice tests in the areas of Life, Health, and Property and Casualty that contain questions developed by subject matter experts using concepts found in the general portion of the licensure examination. The tests closely reflect the format of the real licensure examination, can be scored instantly, and provide immediate feedback to help candidates identify correct and incorrect answers. Candidates can purchase practice tests anytime at <https://www.pearsonvue.com/us/en/practicetests/insurance.html>.

ELIGIBILITY FOR THE EXAM

The Delaware Department of Insurance does not require a specific program of pre-licensing education or otherwise pre-screen examination candidates. Candidates may refer to **Delaware State Licensing Requirements**.

EXAM RESERVATIONS

WALK-IN EXAMINATIONS ARE NOT AVAILABLE.

MAKING A RESERVATION

Online reservations are the most efficient way for candidates to schedule their examination. Candidates **must** go to <https://www.pearsonvue.com/us/en/de/insurance.html> to make an online reservation for an examination. First-time users are required to create an account. The candidate will need to fill in all required fields, which are preceded by an asterisk (*), on the online form in order to create an ID and be assigned a password. Step-by-step instructions will lead the candidate through the rest of the examination reservation process.

Candidates are responsible for knowing which examination they need to take. A Pearson VUE representative will help candidates select a convenient examination date and location and will answer questions. The reservation will be made based on the next available examination date.

Candidates **must** make an online reservation at least twenty-four (24) hours before the desired examination date. Candidates who wish to make a phone reservation at (800) 274-0455 must also do so at least twenty-four (24) hours before the desired examination date.

Before making a reservation, candidates should have the following:

- Legal name, address, Social Security number, daytime telephone number, and date of birth.
- The name of the examination(s).
- The preferred examination date and test center location (a list of test centers appears on the back cover of this handbook).
- For major line exams: the provider code number, the course completion date, and the instructor code number (**all** educational requirements must be **completed** before an examination can be reserved). This information will be supplied by the provider after candidates complete their educational requirements.

EXAM FEES

The examination fee (\$90) must be paid at the time of reservation by credit card, debit card, or voucher. **Payment will not be accepted at the test center.** Examination fees are non-refundable and non-transferable. Candidates are responsible for knowing the proper examination fees.

Candidates scheduling more than one (major line) exam in the same day will pay only one examination fee (excluding Personal Lines). For example, if you schedule Life and A&H in the same day, you will pay only one fee of \$90.

Vouchers

Vouchers offer another convenient way to pay for tests. Vouchers can be purchased online at <https://voucherstore.pearsonvue.com/order?clientCode=DEINS> by credit card either singly or in volume. To redeem a voucher as payment when scheduling a test, simply indicate voucher as the payment method and provide the voucher number. **All vouchers are pre-paid. Vouchers are non-refundable and non-returnable.**

Vouchers expire twelve (12) months from the date they are issued. Voucher expiration dates cannot be extended. The exam must be taken by the expiration date printed on the voucher.

CHANGE/CANCEL POLICY

Candidates should call (800) 274-0455 at least forty-eight (48) hours before the examination to change or cancel a reservation. Candidates who change or cancel a reservation with proper notice may either transfer the fee to a new reservation or request a refund. **Candidates who change or cancel a reservation without proper notice will forfeit the examination fee.**

Candidates are individually liable for the full amount of the examination fee once a reservation has been made, whether individually or by a third party.

ABSENCE/LATENESS POLICY

Candidates who are late or absent from an exam may call Pearson VUE within 14 days of the exam date to request an excused absence for the following reasons:

- Illness of the candidate or of the candidate's immediate family member
- Death in their immediate family
- Disabling traffic accident
- Court appearance or jury duty
- Military duty
- Weather emergency

A case number will be assigned and instructions provided for emailing supporting documentation. **Candidates absent from or late to an exam who have not changed or canceled the reservation according to the *Change/Cancel Policy* will not be admitted to the exam and will forfeit the exam fee.**

WEATHER DELAYS AND CANCELLATIONS

If severe weather or a natural disaster makes the Pearson VUE test center inaccessible or unsafe, the examination may be delayed or canceled. Pearson VUE will notify and reschedule candidates in the case of severe weather.

ACCOMMODATIONS

Pearson VUE complies with the provisions of the Americans with Disabilities Act as amended. The purpose of accommodations is to provide candidates with full access to the test. Accommodations are not a guarantee of improved performance or test completion. Pearson VUE provides reasonable and appropriate accommodations to individuals with documented disabilities who demonstrate a need for accommodations.

Test accommodations may include things such as:

- A separate testing room
- Extra testing time
- A Reader or Recorder, for individuals with mobility or vision impairments and cannot read or write on their own

Test accommodations are individualized and considered on a case-by-case basis. All candidates who are requesting accommodations because of a disability must provide appropriate documentation of their condition and how it is expected to affect their ability to take the test under standard conditions. This may include:

- Supporting documentation from the professional who diagnosed the condition, including the credentials that qualify the professional to make this diagnosis
- A description of past accommodations the candidate has received

The steps to follow when requesting test accommodations vary, depending on your test program sponsor. To begin, go to <https://www.pearsonvue.com/us/en/test-takers/accommodations.html>, and then select your test program sponsor from the alphabetized list. Candidates who have additional questions concerning test accommodations may contact the ADA Coordinator at accommodationspearsonvue@pearson.com.

EXAM DAY

WHAT TO BRING

Required Materials

All candidates are required to bring identification that is deemed acceptable, listed under **Acceptable Forms of Candidate Identification**, to the test center on the day of examination.

REQUIRED MATERIALS

Candidates who do not present the required items will be denied admission to the examination, will be considered absent, and will forfeit the examination fee.

Acceptable Forms of Candidate Identification

Candidate must present **two (2)** forms of current signature identification. The primary identification must be government-issued and photo-bearing with a signature, and the secondary identification must contain a valid signature. Identification must be in English.

Primary ID (photograph and signature, not expired)

- Government-issued Driver's License
- U.S. Dept of State Driver's License
- U.S. Learner's Permit (plastic card only with photo and signature)
- National/State/Country Identification Card
- Passport
- Passport cards
- Military ID
- Military ID for spouses and dependents
- Alien Registration Card (green card, Permanent Resident Visa)

Secondary ID (signature, not expired)

- U.S. Social Security card
- Debit (ATM) or Credit card
- Any form of ID on the Primary ID list

If the ID presented has an embedded signature that is not visible (microchip), or is difficult or impossible to read, the candidate must present another form of identification from the Primary ID or Secondary ID list that contains a visible signature.

Pearson VUE does not recognize grace periods. For example, if a candidate's driver's license expired yesterday and the state allows a 30-day grace period for renewing the ID, the ID is considered to be expired.

EXAM PROCEDURES

Candidates should report to the test center thirty (30) minutes before the examination and check in with the test center administrator. The candidate's identification and other documentation will be reviewed and they will be photographed for the score report.

Candidates are required to review and sign a Candidate Rules Agreement form. If the Candidate Rules Agreement is not followed and/or cheating or tampering with the examination is suspected, the incident will be reported as such and the appropriate action will be taken. The examination fee will not be refunded, the exam may be determined invalid, and/or the state may take further action such as prohibiting candidates from retaking the examination and/or denying a license.

Candidates will have an opportunity to take a tutorial on the computer on which the examination will be administered. The time spent on this tutorial will not reduce the examination time. The examination administrators will answer questions, but candidates should be aware that the administrators are not familiar with the content of the examinations or with the state's licensing requirements. Examination administrators have been instructed not to advise candidates on requirements for licensure.

Candidates may begin the examination once they are familiar with the computer and certify that they have read and understood the State Rules. The examination begins the moment a candidate looks at the first examination question. The time allotted for each examination is detailed on the back cover. The examination will end automatically when the examination time has expired, and candidates will leave the test center with their official score report scores in hand.

SCORE REPORTING

When candidates complete the examination, they will receive a score report marked “pass” or “fail.” Candidates who pass the examination will receive a score report that includes information on how to apply for a license.

Candidates who fail the examination will receive a score report that includes a diagnostic score report. The Producer examinations consist of two portions: content and statutes and regulations. Major Line Producer candidates are required to retake only the portion of the examination they failed. However, a candidate must pass the failed portion within one (1) year of passing the first portion in order to pass the entire examination. If the candidate does not pass both portions within one (1) year, he/she must retake the entire examination.

RETAKE THE EXAM

Reservations for reexamination cannot be made at the test center, and candidates must wait twenty-four (24) hours before rescheduling.

REVIEW OF EXAMS

For security reasons, examination material is not available to candidates for review.

SCORE EXPLANATION

The passing score of an examination is set by the State of Delaware Department of Insurance in conjunction with Pearson VUE. Raw scores are converted into scaled scores that can range from 0 to 100. The scaled score that is reported is neither the number of questions answered correctly nor the percentage of questions answered correctly. Any score below the minimum required passing score indicates how close the candidate came to passing, rather than the actual number or percentage of questions the candidate answered correctly. Some exams require a scaled score of 70 to pass and others require a scaled score of 80 to pass. The passing score will be listed on your score report.

DUPLICATE SCORE REPORTS

As of September 24, 2022, candidates may obtain a copy of their score report by logging into their Pearson VUE account. For candidates who tested prior to September 24, 2022, a duplicate score report can be requested by emailing Pearson VUE at pearsonvuecustomerservice@pearson.com.

QUESTIONS OR COMMENTS ABOUT THE EXAM

For security reasons, examination material is not available to candidates for review. Candidates who have questions, comments, or concerns about the examinations, or who wish to verify any data held in Pearson VUE files, should direct written inquiries to Pearson VUE at the address provided on the inside front cover of this handbook.

In all correspondence, candidates should provide their name and address information. If questions or comments concern an examination already taken, candidates should also include:

- (1) Name of the examination
- (2) Date the examination was taken
- (3) Location of the test center

TEST CENTER POLICIES

The following policies are observed at each test center. **Candidates who violate any of these policies will not be permitted to finish the examination and will be dismissed from the test center, forfeiting the examination fee.**

- **No personal items are allowed in the testing room.** Personal items include but are not limited to: cellular phones, hand-held computers or other electronic devices, pagers, watches, wallets, purses, firearms or other weapons, hats, bags, coats, books, and/or notes, pens, or pencils.
- Candidates must store all personal items in a secure area as indicated by the administrator, or return items to their vehicle. All electronic devices must be turned off before storing them in a locker. **The test center is not responsible for lost, stolen, or misplaced personal items.**
- Studying **is not** allowed in the test center. Visitors, children, family, or friends **are not** allowed in the test center.
- Dictionaries, books, papers (including scratch paper), and reference materials are not permitted in the examination room (unless permitted by the exam sponsor), and candidates are strongly urged not to bring such materials to the test center. Upon entering and being seated in the testing room, the test administrator will provide the candidate with materials to make notes or calculations and any other items specified by the exam sponsor. **The candidate may not write on these items before the exam begins or remove these items from the testing room.**
- Eating, drinking, chewing gum, smoking, and/or making noise that creates a disturbance for other candidates is prohibited during the exam.
- Break policies are established by the exam sponsor. Most sponsors allow unscheduled breaks. To request an unscheduled break, the candidate **must** raise their hand to get the administrator's attention. **The exam clock will not stop while the candidate is taking a break.**
- Candidates must leave the testing room for all breaks. However, candidates **are not permitted to leave the floor or building for any reason during this time, unless specified by the administrator and the exam sponsor.** If a candidate is discovered to have left the floor or building they will not be permitted to proceed with the examination and may forfeit the exam fees.
- While taking a break, candidates are permitted to access personal items that are being stored during the exam only if necessary—for example, personal medication that must be taken at a specific time. **However, a candidate must receive permission from the administrator prior to accessing personal items that have been stored.** Candidates are **not** allowed access to other items, including, but not limited to, cellular phones, exam notes, and study guides, unless the exam sponsor specifically permits this.
- Any candidate discovered causing a disturbance of any kind or engaging in any kind of misconduct—giving or receiving help; using notes, books, or other aids; taking part in an act of impersonation; or removing examination materials or notes from the examination room—will be summarily dismissed from the examination and will be reported to the state licensing agency. Decisions regarding disciplinary measures are the responsibility of the state licensing agency.

EXAM SECURITY PROCEDURES

Pearson VUE maintains examination administration and examination security standards designed to ensure that all candidates are given the same opportunity to demonstrate their abilities and to prevent some candidates from gaining an unfair advantage over others because of testing irregularities or misconduct. Pearson VUE routinely reviews irregularities and examination scores believed to be earned under unusual or nonstandard circumstances.

Pearson VUE maintains the right to question any examination score whose validity is in doubt because the score may have been obtained unfairly. Pearson VUE first undertakes a confidential review of the circumstances contributing to the questions about score validity. Then, if there is sufficient cause to question the score, Pearson VUE will refer the matter to the state licensing agency, which will make the final decision on whether or not to cancel the score.

The performance of all candidates is monitored and may be analyzed statistically for the purpose of detecting and verifying fraud. If it is determined that a score has questionable validity, the Office of the Insurance Commissioner will be so notified and will determine whether the candidate's scores will be released.

HOW TO PREPARE FOR THE EXAM

CONTENT OUTLINES

Each examination is based on a detailed content outline of topics, subtopics, and references to applicable state laws, statutes, and regulations. These content outlines are provided to publishers of study materials and to state-approved education providers for their use in developing and updating their educational materials and programs. Content outlines are updated periodically to reflect changes in practice, state laws, and regulations. The Delaware Department of Insurance offers these content outlines as a part of this guide.

EXAM CONTENT

The content of the general examination is based upon information obtained from a job analysis performed by Pearson VUE. Responses from insurance professionals were analyzed to determine the nature and scope of tasks they perform and the knowledge and skills needed to perform them. This information provides the basis upon which examination questions are written and ensures that the examinations reflect the practice of insurance. The examination has been developed to reflect the laws, statutes, rules, and regulations for the practice of insurance in Delaware, and it has been reviewed and approved by Delaware insurance professionals.

The examination contains pretest questions on which statistical information is being collected for use in constructing future examinations. Pretest questions are mixed in with the scored questions and are not identified, and responses to them do not affect a candidate's score.

All examination questions, each form of the examination, and any other examination materials are copyrighted and are the property of Pearson VUE. Consequently, any distribution of the examination content or materials through any form of reproduction or oral or written communication is strictly prohibited and punishable by law.

STUDY MATERIALS

Study materials may not all consistently cover exactly the same topics because some may be outdated. If there is any doubt as to what to study, the outlines in this handbook take priority. Pearson VUE does not review or endorse any particular study reference materials, but we offer the following information on acquiring the study materials.

Standard Statute References

In addition to acquiring study materials, candidates may wish to consult standard statute references available at public or law libraries.
