## THE LICENSURE PROCESS

Licensure is the process by which an agency of state government or other jurisdiction grants permission to individuals to engage in the practice of a particular profession, vocation, or occupation, and prohibits all others from legally practicing that profession. By ensuring a minimum level of competence, the licensure process protects the general public. The Kansas Department of Insurance is responsible for establishing the acceptable level of safe practice and for determining whether an individual meets that standard.

The State of Kansas has retained the services of Pearson VUE to develop and administer its insurance licensing examination program. Pearson VUE is a leading provider of assessment services to regulatory agencies and national associations.

## PRACTICE TESTS

Practice tests are offered exclusively online at <https://www.pearsonvue.com/us/en/practicetests/insurance.html>, giving candidates even more opportunity to succeed on insurance examinations. Our practice tests will not only help prepare candidates for the types of questions they will see on the licensure exam, but also familiarize them with taking computer-based examinations.

Pearson VUE offers practice tests in the areas of Life, Health, and Property and Casualty that contain questions developed by subject matter experts using concepts found in the general portion of the licensure examination. The tests closely reflect the format of the real licensure examination, can be scored instantly, and provide immediate feedback to help candidates identify correct and incorrect answers. Candidates can purchase practice tests anytime at <https://www.pearsonvue.com/us/en/practicetests/insurance.html>.

## **MAJOR LINES EXAMS**

Candidates may choose to take the major lines individually or as a combined exam. Possible combinations are listed below.

On combination exams, candidates must pass the entire combined exam to qualify for a Kansas insurance license.

## **LIMITED LINES**

The limited lines listed below may be taken as individual examinations, with a non-combined major lines examination (above), or with one other limited line.

- Public Adjuster

## **CERTIFICATION REQUIREMENTS**

Once the producer's license is received, candidates should advise each company they wish to represent of their qualifications and standing and ask for certification (appointment).

Candidates are required to maintain an accurate record of the insurance companies who have certified them.

Insurance companies are responsible for paying the certification/appointment fees. The certification fee is \$2 for each producer or agency appointed by a Kansas-domiciled company or \$5 for each producer or agency appointed by a foreign-domiciled company. Insurance companies must submit individual appointments and terminations through the National Insurance Producer Registry ([www.nipr.com](http://www.nipr.com)). NIPR will collect the appointment fee for the State of Kansas at the time the appointment transaction is submitted. (NIPR will also collect a fee for processing the transaction.) Go to [www.nipr.com](http://www.nipr.com) for a listing of its transaction fees.

## **TERMINATIONS**

Appointments of producers that an insurance company needs to terminate are also submitted through NIPR. While there is no Kansas fee for terminations, NIPR will collect a fee for processing the transaction.

## **CONTINUING EDUCATION REQUIREMENTS**

The State of Kansas requires that insurance producers meet Continuing Education (CE) requirements after being licensed.

Producers must complete required CE every two years. For those producers who were born in an odd-numbered year, the biennial due date is the last day of the producer's month of birth in each odd year. For those producers born in an even-numbered year, the biennial due date is the last date of the producer's birth month in each even year.

## Continuing Education Biennial Requirements

The following CE requirements must be met for Kansas resident producers:

LINES OF AUTHORITY	HOUR REQUIREMENTS
Single or dual major lines (Life and/or Health Authority, Property and/or Casualty, Personal)	18 (3 must be Ethics)*
Public Adjusters	18 (3 must be Ethics)*
Crop (only)	2
Title (only)	4
Pre-Need (only)	**
Bail Bond	***

\* For producers that have a biennial CE requirement of 18 hours, the hours other than the 3 required ethics hours are at the producer's discretion, so long as the hours are approved by the Kansas Department of Insurance. There is no limit for the number of hours of Insurance Agency Management (IAM) courses an agent may take.

\*\* Pre-Need limited lines: Resident producers who hold a limited line license for pre-need do not have a CE requirement; however, at their biennial renewal date they must provide a certification from an officer of each insurance company that has appointed the producer that certifies the producer transacted no other insurance business during the renewal period. Fillable forms are available on the Department's website for this requirement at <https://insurance.kansas.gov/change-service-forms>.

\*\*\* Bail Bonds: Bail bond licensees must comply with CE requirements under K.S.A. 22-2809b required for authorization to act as a bail bond agent in any Kansas judicial district. CE completion information must be submitted by providers to State Based Systems (SBS). The Kansas Department of Insurance no longer accepts CE completion certificates or tracks or maintains licensees CE information.

Candidates whose Kansas license has expired for failure to comply with the CE requirements and who wish to be relicensed must pay a reinstatement fee and provide proof that they have completed the required CE. Different requirements may apply depending on the length of time the license was expired; see the Department's website for more information at <https://insurance.kansas.gov/producer-licensing>.

Test accommodations are individualized and considered on a case-by-case basis. All candidates who are requesting accommodations because of a disability must provide appropriate documentation of their condition and how it is expected to affect their ability to take the test under standard conditions. This may include:

- Supporting documentation from the professional who diagnosed the condition, including the credentials that qualify the professional to make this diagnosis
- A description of past accommodations the candidate has received

The steps to follow when requesting test accommodations vary, depending on your test program sponsor. To begin, go to <https://www.pearsonvue.com/us/en/test-takers/accommodations.html>, and then select your test program sponsor from the alphabetized list. Candidates who have additional questions concerning test accommodations may contact the ADA Coordinator at [accommodationspearsonvue@pearson.com](mailto:accommodationspearsonvue@pearson.com).

#### Primary ID (photograph, and signature, not expired)

- Government-issued Driver's License
- U.S. Dept of State Driver's License
- U.S. Learner's Permit (plastic card only with photo and signature)
- National/State/Country identification card

## EXAM PROCEDURES

### At Physical Test Location

Candidates should report to the test center thirty (30) minutes before the examination and check in with the test center administrator. The candidate's identification and other documentation will be reviewed and they will be photographed for the score report.

Candidates are required to review and sign a **Candidate Rules Agreement** form. If the **Candidate Rules Agreement** is not followed and/or cheating or tampering with the examination is suspected, the incident will be reported as such and the appropriate action will be taken. The examination fee will not be refunded, the exam may be determined invalid, and/or the state may take further action such as prohibiting candidates from retaking the examination and/or denying a license.

Candidates will have an opportunity to take a tutorial on the computer on which the examination will be administered. The time spent on this tutorial will not reduce the examination time. The examination administrators will answer questions, but candidates should be aware that the administrators are not familiar with the content of the examinations or with the state's licensing requirements. Examination administrators have been instructed not to advise candidates on requirements for licensure.

Candidates may begin the examination once they are familiar with the computer. The examination begins the moment a candidate looks at the first examination question. The time allotted for each examination is detailed on the back cover. The examination will end automatically when the examination time has expired, and candidates will leave the test center with their official scores in hand.

### **OnVUE online procedures**

If you are testing online and not in a physical Pearson VUE testing location, you should first review the materials and watch the short video at <https://www.pearsonvue.com/us/en/test-takers/onvue-online-proctoring.html> before you begin your online exam.

### **ABOUT THE EXAM**

The content of the general portion of the examination is based upon information obtained from a job analysis performed by Pearson VUE. Responses from insurance professionals were analyzed to determine the nature and scope of tasks they perform and the knowledge and skills needed to perform them. This information is the basis upon which examination questions are written and ensures that examinations reflect the practice of insurance. The state-specific portion of the examination has been developed to reflect the laws, statutes, rules and regulations for the practice of insurance in Kansas, and has been reviewed and approved by Kansas insurance professionals.

All Kansas Insurance examinations are given in a multiple-choice format dealing with basic insurance industry knowledge.

The passing score for each examination is 70%, which is determined by the Kansas Department of Insurance. Through standardization and control, Pearson VUE ensures that no individual has an unfair disadvantage or advantage because of a particular examination format.

Pearson VUE maintains examination administration and examination security standards designed to ensure that all candidates are given the same opportunity to demonstrate their abilities and to prevent any candidates from gaining an unfair advantage over others because of testing irregularities or misconduct. Pearson VUE routinely reviews irregularities and examination scores believed to be earned under unusual or nonstandard circumstances.

Pearson VUE maintains the right to question any examination score whose validity is in doubt because the score may have been obtained unfairly. Pearson VUE first undertakes a confidential review of the circumstances contributing to the questions about score validity. If there is sufficient cause to question the score, Pearson VUE will refer the matter to the state licensing agency, which will make the final decision on whether or not to cancel the score.

The performance of all candidates is monitored and may be analyzed statistically for the purpose of detecting and verifying fraud. If it is determined that a score has questionable validity, the Insurance Department will be so notified and will determine whether the candidate's scores will be released.

### **EXAMINATION QUESTIONS**

All examination questions, each form of the examination, and any other examination materials are copyrighted and are the property of Pearson VUE. Consequently, any distribution of the examination content or materials through any form of reproduction or oral or written communication is strictly prohibited and punishable by law.

### **SCORE REPORTING**

When candidates complete the examination, they will receive a score report marked "pass" or "fail". Candidates who pass the examination will receive a score report that includes information on how to apply for a license. Exam scores are also reported to NIPR and SBS on behalf of Kansas candidates.

Candidates who fail the examination will receive a score report that includes a numeric score and diagnostic information, as well as information about reexamination. **Additional information may be found in the *Requirements for Retaking an Exam* section on page 5. Reservations for reexamination are not made at the Test Center, and candidates must wait twenty-four (24) hours before making one. If testing at a Pearson VUE testing site, the score report will be provided at the test center. If testing online, candidates will need to log into their Pearson VUE account to obtain their score report.**

## REVIEW OF EXAMS

For security reasons, examination material is not available for candidates to review.

## SCORE EXPLANATION

The passing score of the exam is determined by the Kansas Department of Insurance. Thorough standardization and control, Pearson VUE ensures that no individual has an unfair advantage or disadvantage because of a particular examination format. The passing score required on each examination is 70%.

## DUPLICATE SCORE REPORTS

To obtain your score report, log into your Pearson VUE account. For test center exams prior to December 20, 2020, contact customer service at (888) 204-6255 to request your score report.

## QUESTIONS OR COMMENTS ABOUT THE EXAM

For security reasons, examination material is not available to candidates for review. Candidates who have questions, comments, or concerns related to the exams, scoring or score reports, or who wish to verify any data held in Pearson VUE files, should direct written inquiries to Pearson VUE at the address provided on the inside front cover of this handbook. Candidates may also email their questions directly to Pearson VUE Customer Service at [pearsonvuecustomerservice@pearson.com](mailto:pearsonvuecustomerservice@pearson.com).

In all correspondence, candidates should provide their name and address information. If questions or comments concern an examination already taken, candidates should also include:

- the name of the examination
- the date the examination was taken
- the location of the test center

## PEARSON VUE TESTING POLICIES

### Test Center Location

The following policies are observed at each test center. **Candidates who violate any of these policies will not be permitted to finish the examination and will be dismissed from the test center, forfeiting the examination fee.**

- **No personal items are allowed in the testing room.** Personal items include but are not limited to: cellular phones, hand-held computers or other electronic devices, pagers, watches, wallets, purses, firearms or other weapons, hats, bags, coats, books, and/or notes, pens or pencils.
- Candidates must store all personal items in a secure area as indicated by the administrator, or return items to their vehicle. All electronic devices must be turned off before storing them in a locker. **The test center is not responsible for lost, stolen or misplaced personal items.**
- Studying **is not** allowed in the test center. Visitors, children, family or friends **are not** allowed in the test center.
- Dictionaries, books, papers (including scratch paper), and reference materials are not permitted in the examination room (unless permitted by the exam sponsor), and candidates are strongly urged not to bring such materials to the test center. Upon entering and being seated in the testing room, the test administrator will provide the candidate with materials to make notes or calculations and any other items specified by the exam sponsor. The candidate **may not write on these items before the exam begins or remove these items from the testing room.**

- Eating, drinking, chewing gum, smoking and/or making noise that creates a disturbance for other candidates is prohibited during the exam.
- Break policies are established by the exam sponsor. Most sponsors allow unscheduled breaks. To request an unscheduled break, the candidate **must** raise their hand to get the administrator's attention. **The exam clock will not stop while the candidate is taking a break.**
- Candidates must leave the testing room for all breaks. However, candidates **are not permitted to leave the floor or building for any reason during this time, unless specified by the administrator and the exam sponsor.** If a candidate is discovered to have left the floor or building they will not be permitted to proceed with the examination and may forfeit the exam fees.
- While taking a break, candidates are permitted to access personal items that are being stored during the exam only if necessary— for example, personal medication that must be taken at a specific time. **However, a candidate must receive permission from the administrator prior to accessing personal items that have been stored.** Candidates are **not** allowed access to other items, including but not limited to, cellular phones, exam notes and study guides, unless the exam sponsor specifically permits this.
- Any candidate discovered causing a disturbance of any kind or engaging in any kind of misconduct—giving or receiving help; using notes, books, or other aids; taking part in an act of impersonation; or removing examination materials or notes from the examination room—will be summarily dismissed from the examination and will be reported to the state licensing agency. Decisions regarding disciplinary measures are the responsibility of the state licensing agency. Examination scores are based on the number of questions answered correctly. Candidates who are uncertain about the correct answer to a question may be able to eliminate one or more of the answer choices as incorrect. It is always better to guess at the correct answer than to not answer a question because there is no penalty for incorrect answers.

# HOW TO PREPARE FOR AND TAKE THE EXAM

---

## HELPFUL HINTS

### Testing in a physical Pearson VUE testing location

- Double check physical address to ensure you can arrive 30 minutes prior to your exam time.
- Ensure you have the proper identification for exam entrance.

### OnVUE testing

- If you are testing online and not in a physical Pearson VUE testing location, you should first review the materials and watch the short video at <https://www.pearsonvue.com/us/en/test-takers/onvue-online-proctoring.html> before you begin your online exam.
- Please familiarize yourself with the disciplines expected of a candidate testing online. This would include remaining in screen view of the proctor during the entire session, workspace preparation, cell phones being placed out of reach and general candidate behaviors.
- There are no unscheduled breaks in the exam therefore be prepared to commit your full time and attention during the entire exam to avoid the exam being revoked.

## CONTENT OUTLINES

Each examination is based on a detailed content outline of topics, subtopics, and references to applicable state laws, statutes and regulations. These content outlines are provided to publishers of study materials and to state-approved education providers for their use in developing and updating their educational materials and programs. Content outlines are updated periodically to reflect changes in practice, state laws and regulations. Kansas offers these content outlines as part of the handbook.

Candidates may obtain copies of the Kansas Insurance Content Outlines by visiting the Pearson VUE website ([www.pearsonvue.com](http://www.pearsonvue.com)).

## STUDY MATERIALS

Neither the Kansas Department of Insurance nor Pearson VUE specifically endorses any particular study materials. Candidates are encouraged to visit the Kansas Department of Insurance website at [insurance.kansas.gov](http://insurance.kansas.gov) for more information.

### PRETEST QUESTIONS

Many of the examinations will contain “pretest” questions. Pretest questions are questions on which statistical information is being collected for use in constructing future examinations. Responses to pretest questions do not affect a candidate’s score. Pretest questions are mixed in with the scored questions and are not identified.

**The number of pretest questions are listed in the content outline heading of each examination for which they are available. If a number is not present then there are no pretest questions for that particular examination.**
